## Inland Letters.\*

1. The rates of postage when prepaid are as follows:—

For a letter not above 1 oz. †	-	-	1d.
" above 1 oz. but not above 2 oz.	1½d.		
" " 2 oz.	"	4 oz.	2d.
" " 4 oz.	"	6 oz.	2½d.
" " 6 oz.	"	8 oz.	3d.
" " 8 oz.	"	10 oz.	3½d.
" " 10 oz.	"	12 oz.	4d.

A letter above the weight of twelve ounces is liable to a postage of one penny for every ounce, beginning with the first ounce. Thus, a letter weighing between fourteen and fifteen ounces must be prepaid 1s. 3d.

2. A letter posted unpaid is chargeable on delivery with double postage; and a letter posted insufficiently prepaid is chargeable with double the deficiency.

3. No letter may be above eighteen inches in length, nine inches in width, or six inches in depth, unless it be sent to or from one of the government offices.

## Colonial and Foreign Letters.

1. The rates of postage on letters to the colonies and foreign countries will be found in the Table of Colonial and Foreign Postage.

2. To some countries prepayment of the postage is compulsory. Where this is the case, the fact is indicated in the Table of Colonial and Foreign Postage by the letter *c* prefixed to the rates of postage; prepayment being in all other cases optional.

3. To some countries the whole of the postage cannot be prepaid; and where this is the case, the letter *a* is prefixed to the rates in the Table of Colonial and Foreign Postage, to indicate that an *additional* charge is levied on delivery.

4. A letter posted unpaid, or paid only in part, directed to go by a route by which prepayment is compulsory, is sent to the Returned Letter Office, to be sent back to the writer, unless there is another route by which prepayment is not required; in which case the letter is sent by the latter route. Letters, however, for Australia and New Zealand, if prepaid as much as *one rate* (even though the prepayment be insufficient), are not detained, but are forwarded charged with the deficient postage and an *additional rate*.

5. A letter posted insufficiently prepaid for a place to which prepayment is optional is sent forward charged; the value of the stamps, however, being, as a rule, taken into account.

6. The following are the charges made on delivery at the under-mentioned places upon letters posted unpaid (wholly or in part):—†

\* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

† If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

#### *Routes.*

9. Letters not specially directed by a particular route are forwarded by the route immediately following the name of the place in the Table of Colonial and Foreign Postage.

#### *Exceptions.*

§ 1. Letters for Aden, Egypt (including Alexandria and Suez), and India are sent by the first mail despatched by British Packet either via Brindisi or via Southampton, according to the route indicated by the postage; letters for Borneo, Ceylon, China, Japan, Java, Labuan, Penang, Philippine Islands, and Singapore are sent by the first packet, whether British or French, according to the route indicated by the postage; and letters for Malta are sent by the first mail despatched, if the prepayment does not indicate that they are to be sent by another route.

§ 2. Letters for Canada (*if not registered*) posted after the despatch of the mail by Canadian Packet on Thursday, are forwarded via the United States on Saturday. Registered Letters, if not fully prepaid to be sent via the United States, are detained for despatch by the next Canadian Packet.

§ 3. Letters for the Argentine Confederation, Guadeloupe, and Martinique are, if prepaid, sent in the first mail despatched by British or French Packet after the time of posting; and letters for Cuba and Mexico are, if prepaid, sent in the mail via France, if that be the first mail despatched after the time of posting.

§ 4. Letters for Switzerland are forwarded via France when that route is indicated by the amount of prepaid postage.

10. Letters for Brazil, Monte Video, and Chili, if specially directed "*by Supplementary Mail via Bordeaux or Lisbon*," and posted in time for despatch from London by the Day Mail of Friday, will in due course overtake, at Bordeaux or Lisbon, the Packet despatched from Liverpool on the previous Wednesday. The postage via Bordeaux is 1s. per half ounce, and via Lisbon 1s. 3d. per half ounce.

11. Letters for such places in Turkey and Asia Minor as have no Austrian Post Office should be addressed to the care of an agent residing in the nearest port at which an Austrian Post Office has been established.\* It is recommended also that any

letters for Erzeroum and other parts of the interior of Armenia, or for Persia, be addressed to the care of some agent at Samsoun or Trebizond, to be forwarded to their destination.

12. Letters for Russia should have the name of the town added in either English, French, or German; and if for the smaller towns in Russia they should bear as a part of their address the name of the province or government in which they are situated.

13. Letters addressed to officers and seamen serving on board ships of war on Foreign or Colonial stations are forwarded according to information furnished, at short intervals, by the Admiralty, as to the movements of the squadron (or separate ship if detailed for special service), and not according to the direction on the letters; the latter often being erroneous owing to the writers not having the necessary information. This rule has been adopted, with the sanction of the Lords Commissioners of the Admiralty, in the interest of the service generally.

#### *(3) Inland Newspapers.*

1. Under the "Post Office Act, 1870," any publication fulfilling the conditions hereafter named can, upon payment of an annual fee of 5s., be registered at the General Post Office to pass within the United Kingdom as a newspaper for a postage of one halfpenny. Without such registration no newspaper is entitled to be sent through the post at less than the book rate of postage.

#### *2. Definition of a newspaper:—*

§ 1. The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.

§ 2. It must be printed and published in the United Kingdom, must be published in numbers at intervals of not more than seven days, and must be printed on a sheet or sheets unstitched.

§ 3. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and the date of publication at the top of every subsequent page; and this regulation applies to "Tables of Contents" and "Indices."

§ 4. A supplement must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets, or on a piece or pieces of paper, unstitched; or wholly or in part of engravings, prints, or lithographs illustrative of articles in the newspaper. The supplement must in every case be published with the newspaper, and must have the title and date of publication of the newspaper printed at the top of every page; or, if it consists of engravings, prints, or lithographs, at the top of every sheet or side.

3. Registration for inland circulation includes registration for transmission abroad.

4. For each inland newspaper, whether posted singly or in a packet, the postage, when prepaid, is one halfpenny; but a packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable on a book

schan, Galatz, Gallipoli, Giurgevo, Ibraila, Ineboli, Jaffa, Janina, Jassy, Jerusalem, Kustendjie, Lagos, Larnaka, Mitylene, Philippopol, Piatra, Plojeshtie, Prevesa, Retimo, Rhodes, Roman, Kutschuk, Salonica, Samsoun, Santi Quaranta, Seres, Smyrna, Sofia, Sulina, Tchernavoda, Tenedos, Trebizond, Tultscha, Valona, Chio, Volo, Widdin.

\* Austrian Post Offices have been established at Adrianople, Antivari, Bakau, Berlad, Beyrout, Botuschany, Bourgas, Bucharest, Caifa, Candia, Canea, Cavalla, Chio, Constantinople, Dardanelles, Dede-Agatsch, Durazzo, Fok-

packet of the same weight, viz., one halfpenny for every 2 oz. or part of that weight.

5. A newspaper posted unpaid, or a packet of newspapers posted either unpaid or insufficiently paid, is treated as an unpaid or insufficiently paid book packet of the same weight.

6. The postage must be prepaid either by an adhesive stamp, or by the use of a stamped wrapper.

7. No newspaper can now be sent through the post a *second time* for the *original* postage. For each transmission a fresh postage is required.

8. Every newspaper must be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise) or in a cover entirely open at both ends, so as to admit of easy removal for examination.\* If this rule be infringed, the newspaper is treated as a letter.

9. Every newspaper must be so folded as to admit of the title being readily inspected.

10. A newspaper, or packet of newspapers, which contains any enclosure except supplements, is charged as a letter, unless the enclosure be such as might be sent at the book rate of postage. and the entire packet be sufficiently prepaid as a book packet, in which case it is allowed to pass.

11. A newspaper which has any letter, or any communication of the nature of a letter, written in it or upon its cover, is charged as an unpaid or insufficiently paid letter.

12. No packet of newspapers may be above 14 lbs. in weight, nor above two feet in length, one foot in width, or one in depth.

#### (4) Colonial and Foreign Newspapers.

1. The rates of postage to the colonies and foreign countries on newspapers registered for transmission abroad will be found in the Table of Colonial and Foreign Postage. Each newspaper is liable to a separate rate of postage, whether sent singly or in a packet, and if above 4 oz. in weight it is liable to two rates of postage; and so on.

2. The conditions of registration for transmission abroad are the same as those for inland transmission; excepting that for foreign transmission a newspaper may be published at intervals of *thirty-one days*; and that it may be printed (but not its supplement) on sheets stitched together. Moreover, prices current and market reports (but not private price lists or trade catalogues) may be registered as newspapers for foreign transmission, provided that they be published at intervals not exceeding thirty-one days.

3. The postage, *which must be prepaid*, cannot be paid in money.

4. All publications registered for transmission abroad *must be posted within eight days from the day of publication*, including that day; and any newspaper posted more than eight days after the date of publication, as well as any unregistered publication, must be prepaid at the book rates of postage.

5. The collected numbers issued during the month of a weekly or fortnightly publication are not allowed to pass as a monthly publication.

\* In order that no failure may occur in the delivery of newspapers through the covers becoming detached, it is recommended that the addresses be written on exposed parts of the newspapers themselves as well as on the covers.

6. Every newspaper must be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing-wax, *postage stamp*, or otherwise) or in a cover entirely open at both ends, so as to admit of easy withdrawal for examination.

7. Every newspaper must be so folded as to admit of the title being readily inspected.

8. No newspaper, whether posted singly or in a packet, may contain any enclosure except the supplement or supplements belonging to it.

9. There must be no writing or other mark on a newspaper sent abroad but the name and address of the person to whom it is sent; nor anything on the cover but such name and address, the printed title of the publication, the *printed* name and address of the publisher or vendor who sends it, and words indicating the date on which the subscription to the newspaper will end.

10. No packet of newspapers may be above two feet in length or one foot in width or depth. The limit of weight, which is not the same to all countries, is in each case shown in the Table of Colonial and Foreign Postage.

11. It is forbidden to introduce into Russia, through the post, political newspapers, *even in covers open at the ends or sides*; and the only means by which persons residing in Russia can obtain newspapers from the United Kingdom is by subscribing for them at one of the Russian Post Offices. The admission into Russia even of newspapers not of a political character is permitted only when they are addressed to the house of some established bookseller, to the higher schools, to the Imperial Public Library, or to the Academy of Sciences in Russia. There is not, however, any restriction on political newspapers or any other publication addressed to members of the Royal Family of Russia, the Imperial Ministers, or members of the Diplomatic Corps.

Printed Prices Current in covers open at the ends or sides are allowed to be addressed to any persons residing in Russia.

#### (5) Inland Book Post.

1. The postage is one halfpenny for every 2 oz. or part of that weight.

2. A packet posted wholly unpaid is charged with double the book-postage; and if posted partially prepaid, with double the deficiency.

3. A book-packet may contain any number of separate books or other publications (including printed or lithographed letters), photographs (when not on glass or in cases containing glass or any like substance), drawings, prints, or maps, and any quantity of paper, or any other substance in ordinary use for writing or printing upon; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, is allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, pens or pencils in the case of pocket-books, &c., and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, rollers, &c., must not be sent as a separate packet.

*Circulars*—i.e., letters which are intended for

transmission in identical terms to several persons, and the whole or greater part of which is printed, engraved, or lithographed—may also be sent by book post.

4. But a book-packet may not contain any letter, or communication of the nature of a letter\* (whether separate or otherwise), unless it be a circular-letter or be wholly printed; nor any enclosure sealed or in any way closed against inspection; nor any other enclosure not allowed by Rule 3. If this Rule be infringed, the entire packet is charged as a letter.†

5. A book-packet may be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination;‡ otherwise it is treated as a letter. For the greater security of the contents, however, it may be tied at the ends with string; Postmasters being authorised to cut the string in such cases, although if they do so they must again tie up the packet.

6. No Book-packet may be above 5 lbs. in weight, nor above one foot six inches in length, nine inches in width, or six inches in depth.

7. When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book-packets may be kept back till the next despatch or delivery.

#### (6.) Card Post.

1. Post Cards, whether official or private, having a halfpenny stamp impressed upon them (adhesive stamps not being accepted in payment of the postage), may be transmitted between places in the United Kingdom with letters written upon the back.

2. The front (or stamped) side is intended for the address only, in addition to the printed words "Post Card" and "The address only to be written on this side." There must be nothing else written, printed, or otherwise impressed on it, nor must there be any writing or printing across the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached; nor may the card be folded, cut, or otherwise altered. If any one of these rules be infringed, the card will be charged 1d. on delivery.

3. When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, Post Cards may be kept back until the next despatch or delivery.

4. No card other than one of those issued by the Government, or a private card impressed with a halfpenny stamp at the Office of Inland Revenue, Somerset House, or at the Stamp Offices at Liver-

pool and Newcastle-on-Tyne, will pass under a halfpenny stamp, if it bear on it a written communication of the nature of a letter.

5. For information as to the conditions under which private cards are impressed with a halfpenny stamp, application must be made to the Office of Inland Revenue. Post Cards are sold only in packets of a dozen for 6½d.

#### (7.) Articles not allowed to be sent by Post.

1. It is forbidden to forward by post any indecent or obscene print, painting, photograph, lithograph, engraving, book or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will be stopped and sent to the Returned Letter Office.

2. Postmasters are instructed not to receive any letter which there is good reason to believe contains anything likely to injure the contents of the mail bag, or to do bodily harm to any officer of the Post Office. If such a packet be posted without the Postmaster's knowledge, or if at any time before its despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Secretary. The following are examples of the articles referred to:—

A glass bottle, or glass in any form; leeches, game, fish, meat, fruit, or vegetables; bladders or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion; razors, scissors, needles, forks, or other sharp instruments are also forbidden, except when sent in packets of samples to the foreign countries mentioned in Rule 6, Section 7.

3. According to the regulations of Germany, no letter exceeding 250 grammes in weight (a little more than 8½ oz.), can, if containing any other enclosure than paper, be allowed to circulate by the post. Any such letters, therefore, forwarded in the Mail to Germany, will be liable, on their arrival at the German frontier, to be stopped, and sent to the Custom House for delivery as *freight*.

4. The laws of Spain forbid the transmission, by the post within that country, of letters or other packets containing coin, watches, jewellery, or other articles of value, which are liable to Customs duties; and the circulation of such articles in letters is also prohibited in Belgium and Italy. Any such packets, therefore, which may be forwarded in the mails to Spain, Belgium, or Italy, will not be delivered, but will be sent back. A similar prohibition, on pain of forfeiture, is placed upon the transmission of diamonds and other jewels to the Turkish Empire, of money and jewellery to the Republic of Costa Rica, and of jewellery, &c., to Canada, and the colonies of New South Wales, Queensland, and Victoria, Australia. Packets containing jewellery or other articles of value for Canada or Queensland are liable to be detained, and not delivered to the addressees until the customs duties have been paid.

#### (8.) Colonial and Foreign Book Post.

1. The rates of postage on book-packets to the colonies and foreign countries are given in the two subjoined tables, as also in the Table of Colonial and Foreign Postage.

2. Every book-packet must be posted either with-

\* Entries merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

† It is the duty of Postmasters, whenever they have ground for suspecting an infringement of any of the above conditions, and occasionally even when there is no ground for suspicion, to open and examine book-packets posted at, or passing through, their office.

‡ In order to secure the return of book-packets which cannot be delivered, the names and addresses of the senders should be printed or written *outside*; thus "From \_\_\_\_\_ of \_\_\_\_\_."

out a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination; otherwise it is treated as a letter. For the greater security of the contents, however, it may be tied at the ends with string, but the string must not be sealed.

3. The limit of size for a book-packet addressed to any place abroad is 24 inches in length and 12 inches in width or depth.

*Exceptions.*—No packet for Algeria, Azores, Cape de Verd Islands, France, Madeira, or Portugal, or for Egypt, Syria, or Turkey, when sent by French Packet, must be above 18 inches in length, width, or depth.

4. Whatever is allowed under Rule 5, Section 3, to be sent in an inland book-packet, may be sent in a book-packet to any of the places named in Table I., except circulars not *wholly* printed, which are not allowed to be sent to any place abroad at less than the letter rates, and water-colour drawings, which are not allowed to be sent in a book-packet to France or Algeria.

5. To the countries, &c., named in Table II., the Book Post is more restricted. Books and printed matter can be sent, but no writing is admissible, nor

indeed any manuscript marks beyond the name and address of the person to whom it is sent.

*Exceptions.*—A packet for Austria, Azores, Cape de Verd Islands, Denmark (via Belgium), Egypt (via Brindisi or Southampton), Germany, Greece, Ionian Islands, Madeira, Portugal, or the United States, may contain the written name and address of the sender; and unbound proof sheets sent to the foregoing countries, or to Russia, or (via Belgium) to Turkey, Moldavia, Wallachia, &c., may contain ordinary corrections of the press.

#### (9) Colonial and Foreign Pattern and Sample Post.

1. There is a Pattern and Sample Post to such colonies and foreign countries as are marked in the Table of Colonial and Foreign postage with the letter "P"; but it is restricted to *bonâ fide trade patterns or samples of merchandise*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, are not admissible.

2. The rates of postage will be found in the Table of Colonial and Foreign Postage.

3. Patterns or samples, when practicable, must be sent in covers open at the ends, and in such a

manner as to be easy of examination. But samples of seeds, drugs, and such like articles, which cannot be sent in covers of this kind—but such articles only—may be posted enclosed in boxes, or in bags of linen or other material, fastened in such a manner that they may be readily opened; or, in the case of samples of seeds, &c., for the United States of America, Holland and its possessions, Belgium, Denmark, Greece, Portugal and its possessions, and Switzerland, in bags entirely closed, provided such closed bags are transparent, so as to enable the Officers of the Post Office readily to satisfy themselves as to the nature of the contents.

4. There must be no writing or printing upon or

in any packet except the address of the person for whom it is intended, the address of the sender, a trade mark or number, and the price of the articles.

5. Samples of intrinsic value must not be sent to any foreign country except the United States; and in the case of France, samples of eider down, raw or thread silk, wollen or goats' hair thread, vanilla, saffron, carmine, or isinglass, are considered to fall under this rule, if they weigh more than three ounces; and up to this weight raw and spun silk, as well as coloured and twisted silk, may be sent to Germany.

6. Such articles as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and to the Officers of the Post Office, while at the same time they may be easily examined, may be sent as samples to the following countries, but to these alone, viz.: the Azores, Belgium, Cape de Verd Islands, Denmark, Germany, Holland, Madeira, Moldavia, Norway, Portugal, Sweden, Switzerland, Turkey, United States, Wallachia, and the British Colonies; and not even to these places when addressed "*via France*." Indigo cannot be sent to any place abroad.

7. The limit of weight is not the same to all countries. For particulars, see footnote at page 5.

8. A packet of patterns or samples sent to the Azores, Cape de Verd Islands, France, Madeira, Portugal, or by the French packet to Turkey, Syria, or Egypt, must not exceed 18 inches in length, width, or depth; a packet to any other place abroad must not exceed 24 inches in length, or 12 inches in width or depth.

#### (10) Delivery.

1. Letter Carriers and Rural Messengers are prohibited from distributing any letters, newspapers, &c., except such as has passed through a Post Office, whether before beginning their rounds, whilst on their rounds, or after they have completed them. Nor are they allowed to receive any payment beyond the postage for the delivery or collection of any letter, &c.; nor to deviate from the route laid down for them. The prohibition from receiving payment in addition to the postage *does not, however, extend to Christmas boxes*; but such gratuities must not be solicited.

2. The *Poste Restante* being intended solely for strangers and travellers passing through Glasgow, no person living within the town free delivery, or within the limits of a rural post free delivery, unless he rent a private box, can claim to have his letters delivered at the office window.

3. In order to prevent the additional trouble which is sometimes caused by letters being directed to a Post Office for persons who reside within a free delivery from such office, but who have no private box, a Postmaster is authorized, when such letters arrive by a mail for which there is a delivery from house to house, to refuse to deliver them at the window (even though initials may have been substituted for the full name), and to send them out by the Letter Carriers.

4. Any person can have a private box who is willing to pay the appointed fee, which is fixed at

one guinea per annum, payable in advance, and for a period of not less than a year.

A RETURNED LETTER OFFICE is now established in Glasgow, and all undeliverable letters addressed to Glasgow and its sub-offices are disposed of there.

On reaching the Returned Letter Office a letter originating in the United Kingdom is at once opened, and if found to contain the writer's address is returned to him. If it contains any article of value the letter is registered; a registration fee of 4d. being demanded on delivery. If it does not contain either the writer's address or an article of value the letter is destroyed.

After being retained for periods varying from one week to two months, colonial and foreign letters are returned unopened to the countries from which they were received.

#### (11) Re-direction.

1. Every re-directed letter, post-card, or other postal packet, is liable to an additional postage (at the prepaid rate) for each re-direction, unless the re-direction be made by an Officer of the Post Office, and both the original and the second address be within the same free delivery. Thus, on a paid or unpaid letter, not exceeding 1 oz. in weight, re-directed either by an Officer of the Post Office, or by any one else, to a different postal district in the United Kingdom, or from one place to another in the same postal district, *but not in the same free delivery*, an additional postage is levied of one penny; and if the weight be more than one ounce, but less than two ounces, of three half-pence, and so on.

*Exceptions.*—No charge for re-direction is made on Government letters; nor is any charge for re-direction made on newspapers from abroad, unless they have been opened, in which case they are liable to postage as books.

2. A registered letter, when re-directed to any place within the United Kingdom, is only liable to the same additional charge as an ordinary re-directed letter. If, however, instead of being taken back to the Post Office to be dealt with as a registered letter, it is dropped into the letter box as an ordinary letter (the word "registered" not having been erased, or having been erased in pencil only), it becomes liable to the same treatment as any other letter marked "registered" and found in the letter box, and is surcharged with a registration fee of eightpence, minus the value of any stamps already affixed for the registration. A registered letter re-directed to a colony or foreign country is liable to a second postage and registration fee, *which must be prepaid*.

3. Notices of removal and applications for letters to be re-directed must in all cases be made in writing, and be duly signed by the persons to whom the letters are addressed. Such notices should be sent to the Postmaster.

4. A Postmaster is not bound to re-direct letters for a person temporarily leaving his home, and not having a private bag or box, unless the house be left uninhabited, or the letters would be delayed in their transmission by being sent to the house to be re-directed there.

#### (12.) Postage Stamps.

1. Every Head-postmaster is required to keep for sale to the public a sufficient stock of the different

postage stamps in use, as also envelopes bearing an embossed penny stamp, newspaper wrappers bearing an impressed halfpenny stamp, and post cards. The stamps are of the respective values of  $\frac{1}{2}$ d., 1d.,  $1\frac{1}{2}$ d., 2d., 3d., 4d., 6d., 9d., 10d., 1s., 2s., and 5s. The embossed envelopes are made of four sizes, viz.,  $4\frac{3}{4}$  inches by  $3\frac{1}{8}$  (square shape),  $4\frac{3}{4}$  by  $2\frac{3}{4}$  inches,  $5\frac{1}{4}$  by 3 inches, and  $5\frac{1}{4}$  by  $3\frac{5}{8}$  inches; and are sold at the following prices:—

Size,  $4\frac{3}{4}$  inches  $\times$   $3\frac{1}{8}$ , square shape:—

	s.	d.		s.	d.
1 - - -	0	$1\frac{1}{4}$	6 - - -	0	$6\frac{3}{4}$
2 - - -	0	$2\frac{1}{4}$	8 - - -	0	9
3 - - -	0	$3\frac{1}{2}$	12 - - -	1	$1\frac{1}{2}$
4 - - -	0	$4\frac{1}{2}$	24 - - -	2	3

Other Sizes:—

	s.	d.		s.	d.
1 - - -	0	$1\frac{1}{4}$	6 - - -	0	$6\frac{3}{4}$
2 - - -	0	$2\frac{1}{4}$	8 - - -	0	$8\frac{3}{4}$
3 - - -	0	$3\frac{1}{2}$	12 - - -	1	1
4 - - -	0	$4\frac{1}{2}$	24 - - -	2	2

The newspaper wrappers and post cards are not sold singly, but in packets of twelve for  $6\frac{1}{2}$ d.

2. Every rural messenger is authorized to sell penny postage stamps at the usual price of 1d. each; and when any person applies to him for postage stamps the messenger must either supply them, or (if he have none in his possession) must without extra charge receive the postage in money, and on his arrival at the post-office obtain postage stamps for the amount, and affix them carefully to the letters.

3. Payment of postage cannot be made by means of postage stamps which have been torn, cut, or otherwise rendered imperfect; or of embossed or impressed stamps cut out from the envelopes, cards, or wrappers, on which such stamps were embossed or impressed (even although the stamps have not been before used or sent by post), or of receipt or other inland revenue stamps.

4. To discourage the transmission of coin by post all postmasters in the United Kingdom at whose offices money order business is transacted, are permitted, though not compelled, to purchase postage stamps from the public (provided the stamps be not soiled or otherwise damaged), at a charge of  $2\frac{1}{2}$  per cent; the charge, however, never being less than one halfpenny. Under this arrangement the charges are as follows:—

For stamps under 1s. 8d. in value,	-	$\frac{1}{2}$ d.
Above 1s. 8d., and under 3s. 4d.,	-	1d.
“ 3s. 4d., “ 5s. -	-	$1\frac{1}{2}$ d.
“ 5s. “ 6s. 8d.,	-	2d.
“ 6s. 8d., “ 8s. 4d.,	-	$2\frac{1}{2}$ d.

And so on.

5. In order to prevent the temptation to steal stamps attached to letters, which might be afforded by facilities for selling them, no separate stamps can be purchased. They must in all cases be presented in strips containing at least two stamps adhering to each other.

6. In consequence of representations made to the post-office by various firms, that there is reason to believe that their postage stamps were purloined by persons in their employ, the department has recommended that the name or initials of firms, &c., be either printed on the *back* of the stamps (by arrange-

ment with the Inland Revenue Office, Somerset House), or perforated through the stamps by means of a machine devised for the purpose; so that, the sale of such stamps being thereby rendered difficult (postmasters having been instructed not to purchase any of them), there may be little or no temptation to steal them.

7. Paper taken by the public to the Inland Revenue Office can be impressed with postage stamps under conditions which may be learnt on application at that office.

8 Application for licences to *sell* postage stamps should be made to the distributor of stamps in the inland revenue office of the district.

### (13) Registration (Inland and Foreign).

1. The fee for registering a letter, newspaper, or book-packet passing between any two places in the United Kingdom is fourpence.

2. The same fee is chargeable for the registration of letters, newspapers, book-packets, and patterns to the British Colonies, United States, Germany, Italy, Switzerland (via Belgium), and (when sent in closed mails) to the British Post Offices in Egypt and Constantinople.

3. To all other foreign countries *only letters or packets paying the letter rate can be registered*. The fee chargeable in each case will be found in the column headed “Registration fee” in the Table of Colonial and Foreign postage. To some countries, as shown in that Table, a letter can be registered only to the port of arrival; it being left, in those cases, to the postal authorities of the country to which that port belongs to continue the registration or not as they may think proper. To a few countries, as also shown in the Table, there is no arrangement whatever for registration.

4. No letter or other postal packet addressed to initials or to a fictitious name can be registered.

5. Registered letters, &c., must be prepaid as regards both postage and registration fee; except official letters for Government Offices in London, Dublin, or Edinburgh, which may be registered on prepayment, in stamps, of the registration fee only.

6. Every letter to be registered should be presented at the counter, and a receipt obtained for it, and *should on no account be dropped into the letter-box*. If, contrary to this rule, a letter marked “Registered” be dropped into the letter-box it will, *if directed to any place in the United Kingdom or the British Colonies*, be liable to a registration fee of 8d., instead of the ordinary fee of 4d.

7. At all Post Offices the latest time for posting registered letters on the payment of the ordinary fee is entered in the notice exhibited in the Lobby of the Office; but upon payment of a late fee of fourpence, in addition to the ordinary registration fee, letters, whether inland, foreign, or colonial, may be registered after the hours specified, until the closing of the letter-box for each despatch (exclusive of the time during which late letters are received), or until the office is closed for the night.

8. The registration of a packet makes its transmission much more secure, inasmuch as, under ordinary circumstances, a registered packet can be traced through its whole course; and thus the loss of a registered packet is a very rare occurrence. Nevertheless large sums of money or other articles

of great value should not be sent through the post, even if the packet be registered; as the machinery of the Department is not arranged with a view to such transmissions. By law, the Post Office is not responsible for the safe delivery of registered or any packets; though any officer who may neglect his duty on this point will be called to strict account. Sent in *unregistered* letters, valuable articles are exposed to risk, and offer a temptation which ought not to be created; and the Department cannot in any way undertake the safe conveyance of such packets. All inland letters, therefore, which contain coin, watches, or jewellery; and all colonial letters which contain coin, *even though they be posted without registration*, are treated as *registered*, and charged on delivery with a double *registration fee* of eightpence in addition to the ordinary postage; and any such letters which cannot be registered in time to be forwarded by the Mail for which they are posted, are detained for the next despatch. Even if the letter do not contain any article of intrinsic value, it should, if it be very important, be registered.

9. No Letter Carrier, Rural Messenger, or other servant of the Post Office, is allowed to carry a letter for any person to be registered.

#### (14) Modes of Prepayment.

1. Inland letters, newspapers, and book-packets cannot be prepaid in money, but must be prepaid by means of stamps, either adhesive or embossed or impressed. This rule applies also to registered letters.

2. Letters to places abroad may be prepaid either in money or in stamps; but the payment must be made wholly in stamps or wholly in money. This rule applies also to registered letters.

3. Newspapers, book-packets, and sample-packets for places abroad can be prepaid only by means of stamps; in their case prepayment is *always compulsory*.

4. British postage stamps, though available for all letters, &c., going out of this country, are not, as a general rule, available for letters, &c., coming into it; the principal exception being in the case of letters posted by Naval Officers, Marines, and Seamen serving abroad, which, if posted in *the ship's bag*, must be prepaid by means of British postage stamps.

#### (15) Letters for Non-Commissioned Officers, Soldiers, and Seamen in Her Majesty's Service.

1. Non-commissioned officers, bandmasters, army schoolmasters (if not superintending schoolmasters or schoolmasters of the 1st class), schoolmistresses, private soldiers, or seamen belonging to Her Majesty's Ships, whether serving on sea or land, and whether in a British Possession or Foreign Country, as also enrolled pensioners in Canada, can send and receive letters by Packet or Mail-of-War, for a postage of 1d.; but if any such letters have to pass through a foreign country they are subject, in addition, to the foreign postage, whatever that may be. Thus the postage to the under-mentioned countries (including the British charge of one penny) is as follows:—

To or from—	s.	d.
China, Ceylon, India, Japan, or Australia, <i>via Brindisi</i> . . . . .	0	4
Gibraltar, <i>via France and Spain</i> . . . . .	0	4
Malta, <i>via Italy</i> . . . . .	0	3
Do. <i>via Marseilles</i> . . . . .	0	4
Chili, Peru, or any other place in the South Pacific, <i>via Southampton and Panama</i> . . . . .	0	2
Canada, <i>via United States</i> . . . . .	0	2

2. The Person claiming the privilege must at the time be actually employed in the service of Her Majesty, and must not be either a commissioned officer, or warrant officer, viz., assistant engineer, gunner, boatswain, or carpenter; the privilege not extending to these officers.

3. If the letter be posted within the United Kingdom, the penny must be prepaid, as must any foreign postage that may be chargeable; and if sent by a private ship, the gratuity of one penny to the captain must also be prepaid. If posted abroad, prepayment is not compulsory, but if the letter be sent unpaid, it is on delivery charged twopence, together with any foreign postage or gratuity to a sea captain that may be due.

4. The letter must not weigh more than half an ounce.

5. It must relate entirely to the private concerns of the soldier or seaman.

6. The name of the soldier or seaman, with his class or description, must appear in the direction; and the officer having the command must sign his name, and specify the ship, or regiment, corps, or detachment to which the soldier or seaman belongs; the name of the ship or regiment being entered in full.

7. If the letter be posted in the United Kingdom for a place abroad, unpaid or insufficiently paid, or if the class or description of the soldier or seaman be not written in the address, it will be detained and returned to the writer for payment of the postage.

8. All letters directed to the care of any other person are liable to the ordinary rate of postage; and in those cases where prepayment is necessary, they will be detained if such ordinary rate be not prepaid. The same rule is applicable to letters for non-commissioned officers in the army, schoolmasters, if not of the first class, schoolmistresses, and private soldiers.

#### (16.) Letters for Passengers on Board Mail Packets.

1. Letters for passengers on board the Cunard and Inman packets for America touching at Queenstown, or on board of the Mediterranean packets about to sail from Southampton with the mails for India, Australia, China, &c., may be posted in any part of the United Kingdom up to the time at which ordinary registered letters to go by the same packets are received. They must be registered, and the postage and registration fee must be fully prepaid, and they must be addressed to the care of the commander of the packet.

2. Letters for passengers on board the Canadian packets touching at Londonderry, may, under similar conditions, be posted up to the same time as ordinary registered letters for Canada. These must be addressed to the care of the officer in charge of the mails.

3. The letters should be addressed thus: "Mr. ———, on board the mail packet for ———, at Queenstown [Londonderry or Southampton]. Care of the Officer in charge of the mails," or "care of the Commander of the packet," as the case may be.

4. Letters directed to the care of the Packet Agent at Suez, and despatched by the mail *via Brindisi*, will probably reach passengers for India, &c., who have sailed in the packet which left Southampton the previous week.

(17.) *Letters, &c, by Private Ships.*

1. Letters intended to be sent by Private Ship must be addressed "By Private Ship;" and if by a particular vessel, the name of the ship must be added. The postage of a letter by a Private Ship is as follows:—

2. Letters cannot be sent unpaid to the Countries marked thus (\*). The unpaid postage for letters weighing more than  $\frac{1}{2}$  oz. advances in the same manner as that for letters sent by mail packets. Unpaid letters coming into this country are charged the same rates as unpaid letters going out of it.

3. Book Packets and Packets of Patterns may be sent by Private Ship for the same postage as by Mail Packets, to all places to which there are Mail Packets.

4. Newspapers by Private Ships to the Azores, Cape de Verd Islands, Madeira, Norway, and Portugal must be prepaid 2d. each per 4 oz.; and to all other places 1d. each per 4 oz.

### SPECIAL RATES OF POSTAGE AND CONDITIONS OF TRANSMISSION.

#### (18) *Addresses to the Queen and Petitions to Parliament.*

1. Petitions and addresses to Her Majesty, forwarded direct, are exempt from Postage; and such petitions and addresses, as also petitions to either

House of Parliament, if sent to a Member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are either without covers or are in covers open at the ends. No letter or other enclosure, however, must be inserted; and if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

2. The restriction laid down as to the size of letters does not apply to petitions or addresses to the Queen, whether directed to Her Majesty, or forwarded to any Member of either House of Parliament; nor to Petitions to either House of Parliament, forwarded to any Member of either House.

#### (19) *Parliamentary Proceedings.*

1. Printed Votes or Proceedings of the Imperial Parliament, sent without covers or in covers open at the ends, may circulate within the United Kingdom at the rate of one halfpenny for every 2 oz. or part of that weight.

2. The words "Parliamentary Proceedings" must be written or printed on the cover of the packet; otherwise it will be treated as an ordinary book packet.

3. Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part, the simple difference only will be charged.

4. Parliamentary Proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Foreign States between which and this country there is a book post.

5. The limit of size prescribed for ordinary book packets does not apply to printed Parliamentary Proceedings.

#### (20) *Parliamentary Notices.*

Parliamentary Notices may be forwarded through the post under the following regulations:—

1. The words "Parliamentary Notice" must be legibly printed on the face of the letter; and in order to secure the speedy return of any notices which may be undelivered, the name and address of the solicitor issuing such parliamentary notice should also be legibly printed or written on the face of the letter; though this is not imperative.

2. These notices must be posted either at the General Post Office, St. Martin's-le-Grand, in London; the General Post Office in Dublin; the General Post Office in Edinburgh; or at the chief office at one of the following towns:—

Aberdeen.  
Athlone.  
Belfast.  
Birmingham.  
Bristol.  
Cork.  
Exeter.  
Glasgow.

Inverness.  
Leeds.  
Lincoln.

3. All notices which by the standing orders of either House of Parliament are required to be served on or before the 15th December must be posted not later than the 12th December, unless the 12th fall on a Sunday, when they must be posted not later than the 11th; and those notices which, by the same orders, may be served after the 15th, must be posted at least three clear days before the time specified in the standing orders.

4. The postage chargeable on these notices, and the registration fee of sixpence on each, must be prepaid by stamps.

5. The notices must be posted at the Post Office window, accompanied with duplicate lists of the addresses, the notices being arranged, for the convenience of comparison, in the order of the list. These lists will be examined by the officer in attendance at the window; and if they correspond with the addresses he will sign and stamp every sheet of each list. One of the duplicate lists will then be returned to the person who brought the letters, and the other forwarded to the Secretary, General Post Office, London.

6. The hours for receiving such notices are the same as those for the registration of ordinary letters, unless they be presented at such a time as to interfere with the other duties of the office; in which case the Postmaster may appoint any other time within the next twenty-four hours for receiving the same, provided that, when the notices are to be served on or before the 15th December, such arrangement do not delay the posting beyond the 12th.

7. Re-directed parliamentary notices are, like letters, liable to an additional rate of postage.

8. The senders of parliamentary notices should, if possible, arrange on the previous day with the Postmaster, as to the most convenient time for posting them, and state the probable number.

*(21) Notices relating to Voting for Members of Parliament and Poll-Books.*

1. Notices relating to votes for Members of Parliament, belonging to any of the classes enumerated in the Acts 6 Vict. c. 18 and 13 & 14 Vict. c. 69, can also be sent through the post (with the securities for their safe delivery enjoined by the Acts) on prepayment, in stamps, of the postage at the letter rate—whether Inland or Foreign, as the case may be—and of a registration fee of twopence, provided they be presented, duly directed, open and in duplicate, to the Postmaster of an office which is also a Money Order Office.\* On receiving the notices, the Postmaster will compare each with its duplicate, and if the two agree, the latter will be stamped and returned to the bearer. The notices must be presented at least half an hour before the fixed times for posting ordinary letters.

2. The production by the person who posted a notice of the stamped duplicate is evidence of the notice having been given to the person at the place mentioned, on the day on which such notice would, in the ordinary course of post, have been delivered there.

3. They are liable to the usual charge for redirection.

4. When ballot papers are presented by any returning officer to be forwarded by post, the Postmaster is required to give to such officer an acknowledgment thereof in writing, stating the time when he received it. The prepayment of the postage on ballot papers is optional.

\* The posting of these notices is confined strictly to Post Offices where Money Order business is transacted; consequently, whenever such business is suspended at any office none of these notices can there be received.

**MISCELLANEOUS REGULATIONS AND SUGGESTIONS.**

1. The Post Office is not, by law, responsible for any loss or inconvenience which may arise from the non-delivery, mis-sending, or mis-delivery of any letter, book, or other postal packet (even if the packet be registered). Nor is it responsible for any injury which a letter or packet may sustain in its transmission.

2. To guard against such injury from stamping or pressure, no packet should be sent through the post without being well protected, and even with this precaution no fragile article should be sent. It should be remembered that every packet has to be handled several times, that it is exposed to considerable pressure and friction in the mail bag, and that whenever the bag is, in the course of transmission, to be transferred by means of the Railway Post Office Apparatus, the risk of injury is much increased.

3. No information can be given respecting letters which pass through a Post Office except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

4. Provision having been made, by means of the British Postal Guide (with local Postal Guides in large towns) and the Postal Official Circular, to supply full and authentic information on all postal matters, the public should abstain, as much as possible, from applying for such information to the officers of the department. When information is asked for, the application should be in writing, and addressed to the Postmaster. For any error in a reply to a *verbal* application the Department does not hold itself responsible.

5. The officers of the Post Office are not bound to give change, nor are they authorized to demand change; and when money is received from a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

6. Postmasters are not allowed to return any letter or packet to the writer or sender, or to delay forwarding it to its destination, according to the address upon it.

7. The officers of the Post Office are not bound to weigh any letters or other packets for the public, except foreign and colonial letters about to be prepaid in money.

8. If a letter be forwarded under cover to any Postmaster, with a request that he will re-post it at his office, the letter, on being re-posted, will be endorsed with the words "posted at ———, under cover to the Postmaster of ———."

9. Every address should be legible and complete. When a letter is sent to a Post Town the last word in the address should be the name of that town, except when the town is but little known, or when there are two Post Towns of the same name, or when the name of the town is identical with or very like the name of some foreign town or country. In such cases the name of the County should be added. Thus, the last part of the address of a letter to Newport in Monmouthshire should be—

"Newport,  
Monmouthshire."

10. When a letter is sent to a place where there is only a Sub-office, the name of the Head Office should be given. Letters posted in one part of the United Kingdom and intended for another (as, for example, letters posted in England and intended for Scotland) should have the name of the Country to which they are sent added to the address, unless the letters be intended for some well-known large town; when such addition is unnecessary.

11. The number, too, of the house should appear; its omission being a cause of delay in the sorting; and tending to retard the general delivery. In the case of letters for places abroad, the name of the country as well as the town should be given in full, and should be the last word in the address. Attention to this latter precaution will often assist in deciphering the name of a town, and prevent the letter from being mis-sent when there are towns of the same name in different countries. For example: a letter intended for London in Western Canada, but simply addressed "London, W.C.," would be forwarded to the Western Central District of the Metropolis in England.

12. Letters for well-known firms and persons in Glasgow are sometimes addressed "Glasgow" only; but this practice often causes delay in their delivery.

13. A letter addressed to a Post Office to be called for is retained one month; and if not called for by the end of that time, is sent to the Returned Letter Office to be sent back to the writer. But if the letter be addressed to a Post Office at a seaport town for a person on board a ship expected to arrive at that port, it is kept three months.

14. Every letter should contain the full address of the writer, in order to ensure its return if the person to whom it is directed cannot be found. A much larger portion of the undelivered letters could be returned if the names and addresses of the senders were always either fully and plainly written inside, or embossed on the envelopes.

15. To facilitate the delivery of letters, a letter-box should be affixed to every house-door.

16. All letters, &c., should be posted as early as practicable, especially when sent in large numbers, as is frequently the case with newspapers and circulars, and care should always be taken to see that the packet falls into the letter-box, and does not stick in its passage. Much trouble is saved to the office if circulars, before being posted, are tied in bundles with all the addresses in one direction.

17. Stamps should be placed on the front, that is, on the address side of the letter, and upon the right hand upper corner. On re-directed letters care should be taken not to place fresh stamps over those which have been previously used.

18. The practice of sealing letters passing to and from the East and West Indies, and other countries with hot climates, with wax (except such as is specially prepared), is attended with much inconvenience, and frequently with serious injury, not only to the letters so sealed, but to the other letters in the mail, from the melting of the wax and adhesion of the letters to each other. The public are therefore recommended, in all such cases, to use either wafers or gum, and to advise their correspondents in the countries referred to, to do the same.

19. When complaint is made of a letter or other

postal packet being lost, missent, or delayed, information, as precise as possible, regarding all the facts of the case should be furnished, together with any documents that may throw light upon the matter. The day and hour at which the letter, &c., was posted, as well as the office at which and the person by whom this was done, should always be stated; and when possible, in the case of delay, the cover or wrapper in an entire state should be sent, in order that the place of delay may be ascertained by an examination of the stamps.

20. Neither money nor any other article of considerable value ought ever to be sent through the post, except by means of a money order or in a registered letter. Any person who sends money or jewellery in an unregistered letter, not only runs a risk of losing his property, but exposes to temptation every one through whose hands his letter passes, and may be the means of ultimately bringing some clerk or letter carrier to moral ruin. Every letter which contains money or other valuable article even when registered, ought to be securely sealed, and if there be postage stamps in it, these should be enclosed in paper thick enough to prevent their being seen or felt through the cover.

21. *Sunday*.—During the time the office is open on Sunday (viz. from nine to ten in the morning), the public are allowed to prepay foreign and colonial letters, to purchase postage stamps, and to have letters registered; and all other duties are performed as usual, except Money Order and Savings Bank business, which on that day is wholly suspended.

22. *Sacramental Fast Days*.—On the Sacramental Fast Days there are two deliveries by Letter Carriers, commencing at 7 and 8 a.m. respectively, and letters are delivered to Private Box holders and to strangers from 7 to 10 a.m. The Paid Letter Office is again opened for the sale of postage stamps and registration of letters, from 4 to 8 p.m.

*Penalties for sending Letters otherwise than through the Post.*

23. Any person conveying (otherwise than by the Post) a letter not exempted from the exclusive privilege of the postmaster-general incurs, by law, a penalty of £5 for every letter, and £100 for every week the practice is continued. The sender also is liable to a penalty of £5 for every letter.

### EXCEPTIONS.

24. The exclusive privilege of the postmaster-general is confined strictly to letters, and does not therefore extend to newspapers, books, or money; any of which may be legally conveyed by other means. The following kinds of letters also need not be sent through the post:—

§ 1. Letters sent by a private friend, to be delivered by such friend to the person to whom they shall be directed.

§ 2. Letters sent by a messenger on purpose, concerning the private affairs of the sender or receiver thereof; commissions or returns thereof, and affidavits and writs, process or proceedings or returns thereof, issuing out of a court of justice.

§ 3. Letters sent out of the United Kingdom by a private vessel (not being a packet boat).

§ 4. Letters of merchants, owners of vessels of merchandize, or of the cargo or loading therein, sent by such vessels of merchandize, or by any person

employed by such owners for the carriage of such letters, according to their respective directions, and delivered to the respective persons to whom they shall be directed, without paying or receiving reward or profit for the same in anywise.

§ 5. Letters concerning goods or merchandize sent by common carriers, to be delivered with the goods which such letters concern, without hire or other advantage for receiving or delivering such letters.

24. No person, however, is authorised to make a collection of such excepted letters for the purpose of sending them in the manner above described.

25. The following persons are expressly forbidden to carry a letter, or to receive or collect or deliver a letter, even though they shall not receive hire or reward for the same:—

§ 1. Common known carriers, their servants or agents, except a letter concerning goods in their carts or waggons, or on their pack horses; and owners, drivers, or guards of stage coaches.

§ 2. Owners, masters, or commanders of ships, vessels, steam-boats, or boats called or being passage or packet boats, sailing or passing coastwise, or otherwise between places within Great Britain or Ireland, or between, to, or from ports within Her Majesty's dominions or territories out of the United Kingdom, or their servants or agents, except in respect of letters of merchants, owners of ships, or goods on board.

§ 3. Passengers or other persons on board any such ships, vessels, steam-boats, passage or packet boat.

§ 4. The owners of or sailors or others on board a ship or boat passing on a river or navigable canal within the United Kingdom or other Her Majesty's dominions.

### POST OFFICE TELEGRAPHS.

1. The charge for telegrams throughout the United Kingdom, including the Channel Islands and the Isle of Man, but excepting the Scilly, Orkney, and Shetland Islands, is 1s. for the first 20 words, and 3d. for every additional five words, *i.e.*, for every additional group of not more than five words\*; the names and addresses of the sender and receiver not being counted.

2. The charge for telegrams to the Scilly Islands is 3s. 6d. for the first 20 words, and 9d. for every additional five words; and to the Orkney and Shetland Islands, is 6s. for the first 20 words, and 1s. 6d. for every additional five words; except to Moss Bank, Gulla Voe, Uya Sound, and Balta Sound, in Shetland, the rates to which are 7s. for the first 20 words, and 1s. 9d. for every additional five words.

3. The inland telegram forms are of two kinds, namely, the "A 1" form, embossed with a stamp of the value of 1s., and the "A" form (given gratis), with no stamp embossed thereon. The "A 1 forms" may be purchased singly or in any number. They may also be had bound up into books of 20 forms; price 20s.

4. Interleaved books of stamped telegram forms bearing the name and address of the sender (and of the receiver, if required), printed on each form are supplied free of extra cost, if not less than 500 of such stamped forms (value £25) are taken at a time.

\* A similar interpretation is to be put upon the phrase "every additional—words," wherever such phrase occurs.

5. Stamped telegraph cards are also issued to the public at the rate of 1s. for each card, or in packets containing 20 cards at £1 per packet.

6. When the terminal telegraph office, *i.e.*, the office from which the message is delivered, is a Head Post Office, the amount paid for the transmission of a message covers the cost of delivery within the town postal delivery of that office. But when it is not a Head Post Office, the message is delivered free only within a radius from it of one mile.

7. When the addressee resides beyond the above described limits, portage is charged at the rate of 6d. per double mile (that is, a mile out and a mile back), or any part thereof, provided the whole distance to be traversed does not exceed three miles out and three miles back. For instance, if the addressee's residence is a mile and a quarter from the terminal telegraph office, and also beyond the free delivery, the charge for portage would be 1s.; if the distance is above two miles and under three, 1s. 6d.

8. If the addressee resides at a greater distance than three miles from the terminal telegraph office, portage is charged on delivery by mounted messenger at the rate of 1s. per double mile, except in the case of telegrams for Ireland, where the charge is 8d. per double mile.

9. A deposit of 5s. is required upon all telegrams addressed to persons on board ship (unless the ship be lying in the dock) to cover any expense incurred in their delivery; but application can be made to the Secretary for any surplus.

10. The sender of a telegram should state his address with sufficient fulness to enable the Department to communicate with him, if necessary; and should he telegraph from a place that is not his permanent residence, his permanent address should be added.

11. Telegrams may be repeated at the request of the sender, if he desires to adopt this extra security against risk of error, by being re-signalled from each office at which they are received to the office from which they are forwarded. The charge for repetition is one half the ordinary tariff; fractions of threepence being reckoned as twopence.

12. The cost of a reply to a telegram may be prepaid; and a Prepaid Reply Pass will then be delivered to the addressee, who will be at liberty to send his reply, from any Postal Telegraph Station, at any time within two months after the date of the original telegram.

13. Telegrams may be re-directed from town to town at an extra charge of *one half* the ordinary tariff (fractions of threepence being reckoned as twopence); but in such cases they must not have been opened.

14. Persons who wish it may, without additional charge, post either a stamped telegram card, or a telegram form enclosed in an envelope, addressed "Telegraph Office," in a wall or pillar box, or in the letter-box of a Receiving Office or Sub-Office. Telegrams so posted are sent to the nearest Postal Telegraph Office by the first collection from the letter-box in which they are deposited, and are then transmitted without delay. Care should be taken that such telegrams are fully prepaid.

15. Numbers expressed in figures in an inland telegram are counted as so many words, according to the number of figures employed. For example, "7" counts as one word, "12" as two words, "385"

as three words; and so on. Fractions are counted according to the number of figures employed to express the quantity, one word being added for the bar or mark of division between the numerator and denominator—thus " $\frac{1}{2}$ " counts as three words, " $\frac{3}{4}$ " as three words, " $109\frac{1}{2}$ " as six words.

16. When the sender of a telegram desires words to be underlined, or placed in a parenthesis, or within inverted commas, two extra words are charged for.

17. When the sender of a telegram desires that special instructions, such as "private," "confidential," "to be opened at once," or the like, shall be written on the envelope containing the copy of the message which is to be delivered to the addressee, he must write the instructions on the form immediately after the address of the person to whom the message is sent. These instructions are charged for as part of the message.

18. When telegrams are addressed to a Postal Telegraph Office to be called for, they are kept for two clear days; and if no application be made for them within that time, are sent to the Chief Office, London.

19. Telegrams for the re-direction of letters are accepted at the ordinary rate of charge; but the sender must append his signature to the telegram, otherwise it cannot be acted upon.

20. Telegrams which are indecently or obscenely worded, or which appear to contain abusive, libellous, or slanderous matter, will not be transmitted.

21. The Department is not liable for losses incurred through the incorrect transmission, delay, or non-delivery of telegrams.

22. Telegraph offices are, as a rule, open from 8 a.m. to 8 p.m. on week days, and from 8 a.m. to 10 a.m. on Sundays. There are, however, offices in several of the larger towns which are open for longer periods. At the following offices in London and in the country there is attendance continuously during the day and night, both on week days and Sundays.

**LONDON OFFICES.**—West Strand Office. Paddington (Great Western Railway). Victoria (London, Chatham, and Dover Railway).

**COUNTRY OFFICES.**—*England.*—Birmingham, Bristol, Cardiff, Chester, Derby, Dover (Pier Office), Exeter, Hull, Leeds, Liverpool, Manchester, Newcastle-on-Tyne, Norwich, Peterborough, Plymouth, Sheffield, Southampton, and Worcester.

*Scotland.*—Edinburgh and Glasgow.

*Ireland.*—Belfast, Cork, Dublin, and Queenstown.

### MONEY ORDERS.

1. *Application Forms.*—The public are recommended, when applying for Money Orders, to use printed "Application Forms," which save time, and afford greater security than verbal messages against mistakes. These forms are supplied gratuitously at all Money Order Offices.

2. *Commission.*—The commission on Inland Money Orders is as follows:—

For sums under 10s.	-	-	-	1d.
Above 10s. and under £1.	-	-	-	2d.
" £1.	"	2.	-	3d.
" 2.	"	3.	-	4d.
" 3.	"	4.	-	5d.
" 4.	"	5.	-	6d.
" 5.	"	6.	-	7d.
" 6.	"	7.	-	8d.

Above £7.	and under 8.	-	-	9d.
" 8.	" 9.	-	-	10d.
" 9.	" 10.	-	-	11d.
£10 Orders.	-	-	-	1s.

3. No order is allowed to contain a fractional part of a penny.

4. *Particulars Required.*—With the subjoined exceptions, no Money Order can be issued unless the applicant furnish in full the surname and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address. In the case of Colonial and Foreign Orders the full address of the payee must be given; and if the order be payable to a native in British India the tribe or caste, and the father's name, must also be furnished.

§ 1. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.

§ 2. The usual designation of a firm is sufficient, except in the case of a company trading under a title which does not consist of the name of the persons composing it, as the "Carron Company."

§ 3. When the remitter notifies at the time of issue that the order is to be paid through a bank, it is left to his option to give or withhold the name of the payee.

4. The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, though its payment was not originally so restricted; and when the order is thus presented for payment no question is asked as to the remitter's name.

5. When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the remitter should say at which of such offices he wishes it to be paid, otherwise the order can be cashed only at the Head Office.

6. *Orders cannot be Cancelled.*—An order once issued cannot be cancelled; and should repayment or transfer to a different office be required, the remitter or payee must apply to the paying Postmaster according to the directions printed on the back of the order.

7. Money Orders do not require a receipt stamp.

8. When an Order is paid through a bank it is sufficient that it be receipted, without regard to any discrepancy between the signature and the name in the advice, and that it be crossed with the name of the bank, and presented by some person known to be in the employment of that bank.

9. *Lapsed and Void Orders.*—Payment of an order, issued and payable in the United Kingdom, or issued in the United Kingdom and payable in Belgium, Denmark, Germany, Holland, Italy, or Switzerland, and Orders issued by those countries on the United Kingdom, must be obtained before the end of the second calendar month after that in which it was issued (for instance, if issued in January it must be paid before the end of March), otherwise the order becomes lapsed, and a new order is necessary, for which a second commission is charged. The period for payment of orders issued in the United Kingdom and payable at other places abroad, or in any colony authorized to transact Money Order business, including Gibraltar and Malta, is six months, and orders granted at those places on the United Kingdom are also payable during six months after that in which they were issued. A person

presenting a lapsed order is furnished with a copy of a printed notice headed "Lapsed Money Orders," containing directions how to proceed. If the order be not paid before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January and not paid before the end of next January), all claim to the money is lost.

10. No application can be entertained for compensation for alleged injury from the non-payment of a Money Order at the expected time; and after once paying a Money Order, by whomsoever presented, the Office is not liable to any further claim.

11. Under no circumstances can payment of an order be demanded on the day of issue.

12. *Duplicate Orders, Transfers, Repayments, Alteration of Names, &c.*—In case of the miscarriage or loss of an inland Money Order, a duplicate is granted on a written application (with the necessary particulars, and inclosing the amount of a second commission in postage stamps) to the Comptroller of the Metropolitan Money Order Office, of that part of the United Kingdom where the original order was issued; and if it be desired to stop payment of an inland order, application, with a like enclosure of postage stamps, must be made at the office where the order is payable. If alteration in the name of the payee or remitter of an inland Money Order should be required, application must be made by the remitter to the Postmaster of the office at which the order was issued, and a second commission must be paid. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an application inclosing the order must be made to the Postmaster at whose office the order is payable, who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the reissue. Proper printed forms for making application in all these cases may be obtained at any Money Order Office, and full instructions on the subject will be found printed at the back of the Money Order. Whenever, on complaint being made, it is found that the necessity for an application, entailing the payment of a fresh commission, is attributable to the Post Office, the charge will be remitted to the applicant.

#### COLONIES, AND OTHER PLACES ABROAD.

For Scale of Commission for Money Orders payable abroad, and other information, see list of Colonial and Foreign Post Towns.

#### POST OFFICE SAVINGS BANKS.

13. *Hours of Business.*—Every Post Office Savings Bank, which is also a Money-Order Office, is open for bank business during the same hours as for Money Orders.

14. *Amount of Deposits.*—Deposits of any amount, not less than one shilling and not including any pence, are received at any Post Office Savings Bank, provided those made by any separate depositor in any year ending on the 31st December do not increase the total amount of his deposits by more than £30 in any year ending the 31st December, or make any further deposit when the amount standing in his name, exclusive of the interest, exceeds £150. When any Depositor's principal and interest amount together to £200, all interest will cease so long as

the balance of the account continues to amount to the said sum of £200.

15. *Interest.*—Interest, calculated yearly at the rate of £2 10s. per cent. per annum, will be allowed on every complete pound deposited, reckoned from the first day of the calendar month next following the day on which a complete pound shall have been deposited or completed, up to the first day of the calendar month in which the moneys are withdrawn. The interest thus calculated will be at the rate of one halfpenny per calendar month for every complete pound. The interest will be reckoned to the 31st December in every year, and will then be added to the principal.

16. *Transfers of Deposits.*—A Depositor in the Post Office Savings Bank may transfer his deposits to any other Savings Bank legally established; and, on his written application, accompanied by his book, to the Chief Office of the Postmaster-General, in a form to be obtained at any Post Office Savings Bank, he will be furnished with a certificate of the whole amount due to him; and his account with the Post Office Savings Bank will thereupon be closed. A Depositor in any legally established Savings Bank may transfer his account to the Post Office Savings Bank, and may require from the trustees or managers of such bank a certificate, stating the amount due to him; and thereupon his account with such bank will be closed. The certificate may be delivered at any Post Office Savings Bank, and will be received as a deposit of the amount therein set forth; and on the certificate being forwarded to London, and verified by the National Debt Commissioners, an account for the amount thereof will be opened with the Depositor, and an acknowledgment for the amount will be sent to him.

17. *Withdrawal of Deposits.*—Any depositor wishing to withdraw the whole or part of the sum deposited by him, must make application for the same to the General Post Office in London, in a form which may be obtained at any Post Office Savings Bank.

18. *Repayments.*—Repayments will be made only to the depositor in person, or to the bearer of an order under his hand, signed in the presence of either the minister of the parish in which the depositor resides, of a justice of the peace, or in case of sickness, of the medical attendant.

19. *Secrecy.*—The Officers of the Postmaster-General engaged in the receipt or payment of deposits will not disclose the name of any depositor, nor the amount deposited or withdrawn by him, except to the Postmaster-General, or to such of his officers as may be appointed to assist in carrying out the provisions of the Post Office Savings Bank Acts.

#### GOVERNMENT INSURANCES AND ANNUITIES.

20. The Postmaster-General is empowered under the Act 27 and 28 Vict. cap. 43, to insure the lives of persons of either sex between the ages of 16 and 60, for not less than £20 or more than £100. He is also empowered under the same Act to grant immediate or deferred annuities of not more than £50 on the lives of persons of either sex, and of the age of ten years and upwards.

The persons whose lives are insured or to whom annuities are granted by the Postmaster-General, have direct Government security for the payment of the money at the proper time.

The Post Office of Glasgow has been opened for the receipt of proposals for the insurance of lives and the purchase of annuities; and forms of proposal,

with full instructions for filling up and delivering these forms, as well as every other necessary information, may be obtained on application.

## LIST OF POST TOWNS AND SUB-OFFICES IN SCOTLAND.

It must be understood that the hours for closing the Letter Box are liable to alteration in the course of the current year, and, therefore, the Tables exhibited in the lobby of the Post Office ought to be occasionally consulted.

All Offices at which Money Order business is transacted are marked thus, *m*. Postal Telegraph Offices are marked thus, *t*.

When in the subjoined list *one* place only is mentioned, it is a Head Office, and when there are two, the *first* is a Sub-Office, and the *second* is the Head Office, to which the first is subordinate. It sometimes happens that there is a Money Order Office *nearer* the Sub-Office than is the Head Office; in these cases such Money Order Office is added as a *third* name, for the information of any persons who may wish to remit money to the neighbourhood. All Head Offices are Money Order Offices, but all *Sub-Offices* are not.

## COLONIAL AND FOREIGN MONEY ORDERS.

Money Orders are issued in the United Kingdom on the following colonies, British agencies, and Foreign Countries:—

Alexandria	Denmark	Natal	South Australia
Babia	Falkland Islands	New Brunswick	Straits Settlements
Berbee (New Amsterdam)	France (Paris only)	Newfoundland	Suez
Belgium	Germany	New South Wales	Switzerland
British Columbia	Gibraltar	New Zealand	Tasmania

Colombo (Ceylon)	India	Rio de Janeiro	West Indies
Coquimbo	Italy	St. Helena	Western Australia
Demerara (Georgetown)	Malta	Shanghai	Yokohama

The scale of Commission for Orders payable abroad \* is as follows:—

If payable in Belgium, Denmark, France, Germany, Holland, Italy, Switzerland, Gibraltar, Malta, Egypt, or Constantinople, for sums not exceeding £2, 9d.; £5, 1s. 6d.; £7, 2s. 3d.; £10, 3s. If payable in any other place abroad (including most of the Colonies) authorized to transact Money Order business with this country, for sums not exceeding £2, 1s.; £5, 2s.; £7, 3s.; £10, 4s.

The renewal of a lapsed Order, the issue of a duplicate Order, or the stoppage of payment of an Order issued by a Colony on the United Kingdom, will be made on application to the Controller of the Metropolitan Office of that portion of the United Kingdom in which such *Colonial Order is payable*, provided an additional British Inland Rate of Commission be inclosed with the application; except in the case of lapsed Orders, when the additional com-

mission will be deducted from the amount of the new Order issued by the Department; but the lapsed Order must be transmitted with the application for its renewal. Postmasters in the United Kingdom have power to transfer to other offices in the United Kingdom payment of Colonial Orders originally drawn on their own offices. As regards Foreign Money Orders, applications should be made to the Controller of the Money Order Office, London.

\* When a whole country is named, Money Orders may be drawn, as a rule, on any important town in that country, as also on the many smaller towns, of which complete lists are kept at every Money Order Office.

† Considerable variations in the rates of exchange with any foreign country may occasionally necessitate an increase, or decrease, of the commission.

### BYE-LAWS FOR THE REGULATION OF HACKNEY CARRIAGES AND THE DRIVERS THEREOF.

At Glasgow, the twenty-sixth day of December, Eighteen hundred and seventy-two years, the Magistrates' Committee of "The Board of Police, Glasgow," in virtue of the powers conferred on them by "The Glasgow Police Act, 1866," hereby make and enact the following Bye-laws for the Regulation of Hack-

ney Carriages, and the conduct of the Proprietors and Drivers thereof, and ordain said Bye-laws to be strictly observed and enforced from and after the date of their being approved and confirmed by the Sheriff of Lanarkshire, in terms of said Statute, and until expressly altered.

### 1. Carriages not to be Licensed till Inspected.

No License shall be granted, or afterwards renewed, unless the Carriage, Horse, and Harness shall have been examined by the Chief Constable, Inspector of Hackney Carriages, or other person appointed by the Magistrates' Committee, and reported in writing, to the Magistrates' Committee, to have all the requisites and to be in a fit state to be licensed. No carriage will be licensed unless it be provided with Lamps, and have Roof, Springs, Wheels, Cushions, Linings, Pannels, Doors, and Windows, clean and in good Repair, and the Steps of entry safe and convenient, and that Skin, Rope, or Coir Mats, or other matting equally comfortable, are provided for Passengers' feet.

### 2. Owner's Name to be Painted on Carriage.

The name of the Owner of each Carriage shall be painted in a straight line on the outside of each door, immediately under the window, in Roman Letters not less than one inch in height, and of proportionate breadth, in a colour conspicuously different from that of the Carriage, and be continued legible during all the time the Carriage shall ply or be used for hire.

### 3. Number of License to be Painted or Affixed on Outside of Carriage.

The number of the License for each Carriage shall be painted on the Carriage, in a line with or under the name, on each door, immediately below the window, but so as not to conceal any part of the Owner's name, and to be distinctly visible from the outside, and in figures not less than one inch in height, and of proportionate breadth, and be kept legible during all the time the Carriage shall ply or be used for hire.

### 4. Number of License, &c., Inside the Carriage.

The number of the License, with the name of the Owner, on an Enamelled Iron Plate, of the pattern to be seen in the office of the Registrar, shall be placed conspicuously inside the Carriage; and there shall also be painted on such plate, under the number, as follows:—"Driver to tender the Hirer a Reference Ticket when entering the Carriage, and to produce when demanded Bye-laws and Table of Fares. No charge for luggage, unless it exceeds 112 lbs. where one or two persons are conveyed; 84 lbs. where three persons, and 56 lbs. where four persons. And in no case the charge to exceed Sixpence. Not compulsory to carry over 112 lbs. of luggage."

### 5. Licenses to be numbered Consecutively, and Duplicate signed by the Registrar.

The Licenses shall be numbered consecutively, in the order in which the same shall have been registered; and each Owner, at the time of receiving his License, shall be furnished with a Duplicate of such License, signed by the Registrar.

### 6. When Carriages cease to ply.

Whenever a Licensed Carriage ceases to ply, the Proprietor thereof shall give intimation immediately to the Registrar, Central Police Buildings, and shall return the License to him, provided the repairs are not finished within one week. Whenever a Licensed Carriage is sold by the Proprietor in whose name the License has been granted, or otherwise ceases to be his property, the License will lapse and become null and void.

### 7. Carriages to be in readiness.

The Owner of each Licensed Carriage shall have

the same ready for hire at one of the Public Stands from Nine o'clock in the morning until Eleven o'clock at night, unless when engaged. And when within their respective yards, coach-houses, or stables, shall turn out for hire as soon as practicable, or can be done without injury to his servants or horses, after being called upon, between Eleven o'clock at night and Nine in the morning.

### 8. Carriages to be furnished with a Check-String, &c.

Every Carriage shall be provided with a proper Check-string (which, when driving, shall be held by the Driver), as well as a Board, or other Signal, bearing the word "Engaged" or "Disengaged," and which shall at all times be exhibited outside the Carriage when either engaged or disengaged, as the case may be. The Board, or other Signal, to be of such pattern and placed in such position as the Magistrates' Committee shall direct.

9. No Proprietor of a Licensed Hackney Carriage shall knowingly suffer or permit any person not duly licensed by the Magistrates' Committee to drive or take charge of any such Carriage while plying for hire or upon any of the Stands.

### LIFE DEPARTMENT.

The rates of Premium have been adjusted in accordance with a long experience, and bear equitably on all ages.

The Accumulated Premiums are over £1,650,000; and a statement showing how these are invested can be had.

The sum of over £5,119,600 has been paid during the existence of the Office for Claims under Life Policies, of which amount a very considerable part was for Bonuses.

The BONUS VALUATION is made up Quinquennially, and Policies in force at each valuation participate therein in proportion to the time they have been in force.

### FIRE DEPARTMENT.

This Company undertakes the Assurance of almost every species of Property in the United Kingdom, at rates of Premium and upon principles which will be found quite as advantageous to the interests of the Assured as those offered by any other. The Directors can confidently refer to the well-known character of the Company for liberality and promptitude in the discharge of claims made upon it during the many years it has been established.

Mills, Manufactories, Distilleries, Warehouses, Stores, Ships Building, Ships in Harbour, Houses, Furniture, Stock-in-trade, &c., assured for the year, or any shorter period.

The Policies of this Company cover losses occasioned by the explosion of Gas. Losses occasioned by Lightning will also be paid.

The FIRE DUTY being wholly abolished, even the least Hazardous Property ought now in every case to be Assured, and existing Assurances can be increased without increasing the cost hitherto paid.

Tables of Rates, Forms of Proposal, and any information needful to effect Life or Fire Assurances, may be obtained on application to the Office, No. 92, Cheapside, London; or to any of the Company's Agents.

**SECURITY**.—The SUBSCRIBED CAPITAL of the ASSOCIATION amounts to ONE MILLION STERLING, of which £70,000 has been PAID UP. The ACCUMULATED FUNDS amount to upwards of £820,000, SECURELY INVESTED, and yielding an AVERAGE RETURN of  $4\frac{1}{2}$  PER CENT.

**THE SIXTH INVESTIGATION** will take place at CHRISTMAS, 1875, when POLICIES effected during 1874 at FULL RATES of PREMIUM will rank for

**Two Years' Bonus Additions.**

**NON-FORFEITURE POLICIES**.—Under this system, PREMIUMS are payable only for a LIMITED NUMBER OF YEARS, and each Payment (under certain conditions) secures an EQUIVALENT AMOUNT of ASSURANCE, WITHOUT RISK OF FORFEITURE.

# SCOTTISH AMICABLE (MUTUAL) LIFE ASSURANCE SOCIETY.

The SEVENTH SEPTENNIAL INVESTIGATION and DIVISION OF PROFITS takes place as at

31ST DECEMBER, 1874,

and the Directors have every reason to believe that the result will be entirely satisfactory to the Members of the Society. Intending Assurers should therefore avail themselves of the present favourable opportunity of joining this old and wealthy Corporation. The WHOLE divisible Surplus will be shared by the Policy-holders alone, there being no Stockholders to receive any portion of it in the shape of profits or dividends on their shares.

The results of the past Investigations have been so satisfactory that the earlier Policies of the Society are now, by the accumulation of Bonus additions, actually more than doubled in amount. For example—

**A £1000 Policy, opened in 1827, is now increased to £2055**  
**And one for £1000, opened in 1828, to - - - £2027**

Policies of more recent date, or for larger or smaller amounts, being increased in proportion.

THE SCOTTISH AMICABLE system of "*Minimum Premiums*" is believed to be the most economical mode of Assurance yet devised.

*The Assured, after living five consecutive years within the Home limits, pay no extra whatever for Foreign travelling or residence.*

## DEPOSITS AND DEBENTURES.

THE ASSOCIATION receives Money on DEPOSIT or DEBENTURE BOND, at Rates varying from 3 to 4½ per cent., according to the market value of money at the time. A uniform Rate of Interest is given on Deposits for fixed periods of from one to five years, on favourable terms. Debenture Bonds will be granted for three, five, or seven years.

## SAFETY OF DEPOSITS AND DEBENTURES.

The ASSOCIATION lends its Funds on HERITABLE PROPERTY *only*, and at rates corresponding to the market value of money. All the Loans are repayable by instalments, which adds greatly to their safety, any depreciation which might take place in the value of the security being more than met by the gradual diminution of the Loan. The risk arising from the Investments of the Company is thus small, and they are enabled to give comparatively high rates for Deposits. In addition to the fact that the Loans are all secured on Heritable Property *only*, Depositors have the *further guarantee of the Company's large Subscribed Capital*, which amounts to (of which £50,000 has been paid up) . . . £250,000

and a RESERVE FUND of . . . . . £21,000

## LOANS.

Loans are granted on Security of Land, Houses, and every description of Heritable Property.

The Loans are repayable in periods of from four to sixteen years. If desired, *part only* may be made repayable by instalments—the remainder bearing interest, payable half-yearly.

Borrowers can pay off their loans at any time, either in whole or in part; or the period of repayment can be altered to one more suitable.

**T**HIS Corporation was formed in 1870, for the application of the Mutual Principle (which had been eminently successful in Life and Marine) to Fire Insurance, it being evidently the most equitable system, as all the profits are divided amongst the Insured who are directly interested in them, and not paid as Dividends to Shareholders, as in the case of Proprietary Offices.

The principal distinctive features of this Corporation are :—

The division of all profits amongst the Members.

The very low percentage of Working Expenses.

Discounts on Premiums and Allowances for approved Appliances for the Prevention and Extinction of Fire.

Freedom from the restraint of the Tariff System.

## LIFE DEPARTMENT.

THIS Company offers to the Public the security of an ample paid up Capital, and Accumulated Fund of ONE MILLION AND A HALF STERLING, with an ANNUAL REVENUE of nearly £200,000 *from the life branch alone*. Four-fifths, or 80 per cent., of the Profits are appropriated, every fifth year, to the holders of Policies of £100 and upwards.

The share of profits allotted to each Policy may be added to the sum insured and payable at the death of the Life—or its present value in cash may be received—or an equivalent reduction of the future Annual Premium obtained—at the option of the Assured.

Assurances without participation in the Profits can be effected at reduced rates of Premium.

Persons of unsound health, whose lives are not insurable at the ordinary Tabular Premiums, may be insured at Special Rates, equitably adjusted in each case.

Amount paid for Life Claims since the Office was established, about £3,750,000.

## LOANS.

Advances are made on Policies which have been in force for three years and are of adequate value; also upon approved *personal security* in connection with Life Assurance.

## VOLUNTEER CORPS.

Persons insured with this Company are at liberty to serve in any Volunteer Corps, within the United Kingdom, without prejudice to their Policies.

## "DAYS OF GRACE."

By the condition of the Company's Policies, *invariably acted upon for upwards of Sixty Years*, the period for Payment of Premiums is not only extended to the "days of grace," without forfeiture of the Policies, but the sums insured are recoverable, the same as if the claim had arisen at any time previously.

NO CHARGE FOR POLICY STAMPS OR MEDICAL FEES.

## FIRE DEPARTMENT.

Insurances effected on Property in any part of the United Kingdom, at the usual rates. Manufactories, and all Risks of a similar nature, insured by special agreement, on the most favourable terms.

Losses by explosion of gas are made good by this Company; also losses by lightning, so far as the building or effects insured may have been set on fire thereby, and burned in consequence.

Steam Thrashing-machines allowed on Farms without extra charge.

*Policies transferred from other Offices free of expense. Claims settled with promptitude and liberality.*

THIS SOCIETY differs in its principles from any other Office. Instead of charging rates admittedly higher than are necessary, and afterwards returning the excess, or a portion of it, in the shape of periodical Bonuses, it gives from the first as large an assurance as the Premiums will with safety bear—reserving the Whole Surplus for those Members who have lived long enough to secure the common fund from loss on account of their individual Assurances.

A policy of £1200 to £1250 may thus at most ages be had from the first for the Premium elsewhere charged to assure £1000 only; while the effect of *reserving* the surplus has been, that Policies originally for £1000, which have shared at the three septennial Investigations, have already been increased to £1400, £1600, and even in some cases to £1800.

ITS TERMS are therefore well calculated to meet the requirements of intending Assurers. They are specially adapted to the case of Provisions under Family Settlements or otherwise, where it is important to secure, for the smallest present outlay, a competent provision, of definite amount, in the case of early death.

It has taken a leading part in the Removal of RESTRICTIONS and GROUNDS OF CHALLENGE. The Rule was adopted in 1849 that error in the original statements did not involve forfeiture unless "fraudulent as well as untrue."

**Foreign Residence and Travel.**—Members (not seafaring men) are free to reside in any part of the World to the north of 35° N.—excluding Asia—and to the south of 30° S. Licences for places beyond the free limits are given on favourable terms; and when an extra is charged it has the advantage, according to the equitable principle of the Office, of bringing the Assured sooner to share in Profits.

## Examples of Annual Premium for Assurance of £100 at Death (with Profits).

AGE.	25	30	35	40	45	50
PAYABLE DURING LIFE.	£1 18 0	2 1 6	2 6 10	2 14 9	3 5 9	4 1 7
LIMITED TO 21 YEARS.	£2 12 6	2 15 4	3 0 2	3 7 5	3 17 6	4 12 1

Thus a person of 30 may secure £1000 at death, with Profits, for a yearly premium of £20 15s., which in the other Scottish Mutual Offices would assure £800 only.

Or, if unwilling to burden himself with payments during the whole of life, he may secure a Policy for £1000 (with Profits) for a Premium of £27 13s. 4d., *limited to twenty-one payments*, being nearly the same as most Offices require during the whole of life.

THE RATES TO CEASE AFTER 7, 14, OR OTHER NUMBER OF YEARS MAY BE HAD.

## FINANCIAL POSITION AS SHOWN BY STATISTICS.

By the publication of the "British Life Insurance Chart," compiled by W. White, Esq., F.S.S. (C. & E. Layton, Fleet Street), the Directors are enabled to give an analysis of facts, showing from authentic sources the high position which the Institution occupies among the Assurance Offices of the kingdom, not merely in extent of business, but even more markedly in the growth of its resources.

The New Business of 1872 was £757,780, in 1461 Policies. Subsisting Assurances about Eight Million One Hundred and Eighty-five Thousand. Annual Revenue exceeds £315,000. Accumulated Fund arising entirely from Premiums, above £2,049,000.

## *The "Unique" Shirt.*

NOTHING can exercise a more powerful and beneficial influence on the commercial prosperity of a community than a well-adjusted system of division of labour applied to its productions. Not only does such a system reduce the cost of the goods, but it also raises the standard of workmanship, in many cases to such a pitch of excellence as to be quite unattainable by any other method. In proof of this we might quote the often-repeated illustration of how many different pair of hands a pin passes through before it is finally finished and ready for use; and consider its almost infinitesimal value in comparison to what it would be were the same individual to draw, clip, head, point, and finish it.

As the most extensive Shirt Manufacturers in Scotland dealing directly with Consumers, we possess unequalled facilities for applying the system to the Manufacture of Shirts, so much so that we have now brought the "UNIQUE" to a degree of perfection and elegance unattainable by any other plan. But even apart from its superiority over all other Shirts, the cost of production has been so far reduced as to insure for it a ready preference either over the old-fashioned shape or the many short-lived novelties which have successively appeared during the last quarter of a century.

## *Webster's Patent Vest.*

THIS Vest is one of the most complete and comfortable garments that has ever been invented for wearing in Cold Weather. It consists of an ingeniously constructed combination of Chamois and Flannel, and can be worn either over or under a Dress or Woollen Shirt. It is elegant in appearance, and so light as to make no appreciable difference in the weight of one's underclothing; while at the same time it is warm and comfortable, and forms the best of all protections from the bitter east wind—the most formidable enemy to many constitutions in our northern climate. The Prices—*7s. 6d. for Gentlemen's and 6s. for Ladies' Vests*—bring it within the reach of all. Carriage, per Post, 3d. Gentlemen ordering by letter will please give circumference of chest, the measure to be taken over ordinary vest.

JAMES WEBSTER & CO.

86 AND 88 ARGYLE STREET, GLASGOW.

## *The 18s. 6d. Trouser Scheme.*

THE evil effects of Large Profits have in no case been exemplified in a greater degree than in the High-Class Clothing Trade. Through the pernicious practice of long credit, large profits first became a necessity, and then increased to such an extent that the best class of clothing was virtually placed among those luxuries which can only be obtained at a cost altogether out of proportion to their real value.

This anomalism we are rapidly correcting. By the introduction of our system of "Minimum" Profits and Cash Payments, we have reduced the price of Gentlemen's Clothing twenty-five per cent. When comparing our system with others, we have sometimes been unavoidably compelled to denounce the extravagant rate of profit of the West-End Clothiers, and also expose the mysteries of the "shoddy" trade, thereby incurring some displeasure from those interested in perpetuating the respective evils. But we have great satisfaction in knowing that the liberal policy we have inaugurated by supplying the highest class of Clothing at the "Minimum" price is approved of by a countless number of Gentlemen, who both understand and appreciate the practical common sense principles familiarly illustrated in "THE 18s. 6d. SCOTCH TWEED TROUSER SCHEME."

98 CANNING STREET.

THE Subscriber begs respectfully to call the attention of the Medical Profession, Ladies' Nurses, and others, to the "UNIVERSAL ABDOMEN AND BACK SUPPORT BELT."

This Belt has been in use for a number of years, and has given the utmost satisfaction, many having been induced to use it through the recommendations of others who had experienced its usefulness.

Its peculiar shape prevents it from shifting, and it is well adapted for an Accouchement Belt. Being faced at both sides, it will fit any shape of body without overpressing any one part. The Belts are made of Silk and Cotton Elastic, with fine Hogskin Mountings, giving great support to the Back.

**PRICES:—COTTON, from 15s.; SILK, from 21s.**

Parties in the city can be waited upon by an experienced lady, who will take the requisite measurements; those at a distance can obtain a perfect fit by sending an exact measurement, as shown above.

Orders addressed to 98 Canning Street will be attended to.

The many Testimonials which I have received from those who have experienced the beneficial results through their having used it, thus induced me to bring it more fully before the Public.

## GENERAL GRINDING MILLS,

## GRÆME STREET.

## D. MINTO

**D**ESIRES to intimate that he has now erected those new and extensive premises upon the old site of ground, Macpherson Street, with a frontage to that street, recently formed, called Græme Street, and has fitted up additional new Mills and Machines of different kinds, with every improvement, in order to facilitate the operations of his trade in its various branches. Some of those Machines may be specially mentioned—the Sugar Tabulating Machines, for converting Sugar loaves into Small Tablets. This is a new feature in the trade, which has become one of the requirements of the age, and has been met with marked success. Other Machines are in course of being completed, and nothing shall be wanting to meet the demands of Grocers, Confectioners, Biscuit Manufacturers, Druggists, Dyers, Drysalts, &c., &c.

GLASGOW, Græme Street, May, 1874.

**THE COFFEE PLANT**, "*Coffea Arabica*" of Linnæus, is an evergreen, and, as may be inferred from its scientific name, is a native of Arabia. It produces a pulpy berry about the size of a small cherry, inclosing two seeds, which, separated from their pulpy envelope, form the well known Coffee beans of commerce. It may be remarked as a singular fact, in reference to Coffee, that while all of the vegetable kingdom that have been taken under the care of man have been improved, it alone asserts its independence; for although cultivation may greatly enlarge the crop, it as certainly at the same time deteriorates the flavour, and the produce of the wild plant still maintains the highest figure in the market. It is well known that Coffee would be of no real value were it not properly roasted—a process which, as it requires much skill, is only to be acquired by experience. How man became acquainted with the fact that the tasteless seeds of a berry, when roasted, ground, and infused, would form a grateful beverage, will most probably remain a secret to the end of time. That the development of its useful properties depends wholly upon the roasting, is evident. About two hundred years ago Coffee was first introduced into England, since which its consumption has steadily increased, and deservedly so, when its medical properties are considered, it having been found useful in headaches arising from a particular state of the stomach, and much benefit having been derived from its exhibition in cases of asthma.

A French scientific gentleman, who has directed his attention to this subject, says:—"I have found that Coffee is better roasted, and more of the aroma retained, when a double cylinder is used—the air between the interior and exterior cylinders acting as a non-conductor of heat. It is done more uniformly, while the essential oil on which the aroma depends is less liable to be dispersed than when exposed to the fierce heat of a fire in a single cylinder."

In the double rotatory globular method of roasting as practised at Mr. MINTO's Works, Græme Street, Glasgow, the above principle is acted upon, inasmuch as the globe (which has superseded the cylinder since the application of steam-power to this branch) revolves in a medium of heated air, which, experience has shown, best prevents the dispersion of the essential oil, or aroma.

# BOYLES' PATENT SELF-ACTING AIR-PUMP VENTILATORS

**E**XTRACT the foul air most effectually from Ships and Buildings of every description. They have no mechanical movement, and never get out of order. They are continuous in operation, and are entirely free from down draughts or currents (so much complained of), and can be constructed to harmonize with every style of architecture. They require no attention on board ship, being a fixture; they catch the wind from all points, and are pronounced by the most eminent scientific and practical men in the kingdom to be the most efficient system of ventilation yet brought out.

## TESTIMONIAL.

*From Sir WILLIAM THOMSON, LL.D., Professor of Natural Philosophy, Glasgow College.*

I have seen several different forms of Mr. BOYLE'S Air-Pump Ventilator in actual operation, and have much pleasure in testifying to their efficiency. They thoroughly realize the favourable anticipations which I formed from experiments on models shown to me by Mr. Boyle. One of the simplest forms has been applied to a stove flue in my yacht, and has caused a very decided improvement in the draught.

WILLIAM MURDOCH & CO.,  
30 HOPE STREET, GLASGOW.

WILLIAM MONAGHAN,

PRACTICAL

BOOT AND SHOEMAKER,  
15 CHARLOTTE STREET,

BEGS respectfully to return his sincere thanks to his customers and the general public for the kind support with which he has been favoured since he commenced business, in 1852, till the present time. Having a lengthened experience of twenty-six years in the trade, eight of which were spent in the leading manufacturing cities of the three kingdoms, he has arrived at the conclusion that no boot or shoe can be produced equal to the hand sewed one; and all other new inventions brought forward as yet, have failed to stand the test. He does not encourage or countenance the cheap trash got up by machinery nowadays, nor that peculiar bench-work made upon an iron last, and rivetted through with metal sprigs, which in wet weather condemns the wearer to the discomfort of damp feet, and wastes more stockings than would make up the difference in price of good well-sewed work. He knows by experience that the working classes are greatly cheated by such flimsy stuff, and he begs to caution them against the advertisements of some large firms in Glasgow, who pretend that such worthless trash is cheap, suitable, and of good value to the working community; for work got up in this manner has neither the sole nor the upper leather properly tanned, but, instead of which, it goes through a chemical process, which has the effect of making the boot, when on the foot, take up the damp and retain it like a sponge. In addition to this, the upper leather is nothing but split into two parts by the machine. Therefore he confidently states that one pair of sewed boots is better than three pair either made by steam power or rivetted on an iron last. He has no doubt that a discerning public will see their advantage in patronizing such honest and practical workmanship as can be found by applying at 15 CHARLOTTE STREET.

WILLIAM MONAGHAN will attend to all Letters as punctual as possible; and any person who is troubled with tender feet will have particular attention paid to their orders, as he knows the kind of material that will suit. He is also prepared to travel to all quarters of the city and suburbs, or within ten miles round from the Cross of Glasgow, for a single order.

Lima Gold Medal, 1872.

Vienna, Medal for Merit, 1873.

Tested at the Royal Dockyards, and at Lloyd's Proving Machines, 50 per Cent. over the Admiralty Proof, without Permanent Deflection—a Test unprecedented in Anchor Proving.

From the "MORNING CHRONICLE," Quebec, Tuesday, December 2, 1873.

"I feel, Mr. Editor, that I have already trespassed too much on your valuable space, and far beyond the limits which I assigned to myself in commencing, but I really cannot conclude without making it public, that it is to the Patent Anchor, known as 'Martin's Patent,' which had been provided for the Light Ship, that myself and crew owe their safety. For it was that which enabled us to ride out the gale of the 18th, and saved us off the Goose Island Reef.

"THOMAS CONNELL, Captain, Manicouagan Light Ship."

Copy of an Official Report of Captain THOMAS CONNELL, Manicouagan Light Ship,

To the Department of Marine and Fisheries, Québec, Canada.

"On the 8th of August, finding that the Ship was not riding as easy as she should, and that there was a jerking or surging on the anchor chain, I determined to heave up anchor in order to ascertain what was the matter. After heaving in about 100 fathoms, I found that there were ten or twelve hitches in the bite of the chain, which I cleared, and when I succeeded in sighting my anchor, 'Trotman's Patent,' which was only on the 11th August, I discovered that there were two turns of the chain around the stock and the flukes of the anchor. Had I not taken this precaution before the stormy weather set in, it is possible that this circumstance might have caused the loss of the ship, myself, and crew.

"I replaced this anchor with 'Martin's Patent Self-canting Anchor,' with which your forethought had provided the Ship, and from that time till I left the Station, the vessel rode with ease and safety and clear anchor. I have already alluded to the service rendered by this anchor off 'St. Denis' in coming to Quebec, and I will merely add that after 30 years' experience on board of ships of all sizes and tonnage, with every description of anchor, riding in strong tide-ways, I must certainly give the palm to 'Martin's Patent,' for superiority in every respect to any I have ever tried. The Martin's Anchor referred to weighs 25 cwt., and replaced an anchor of 60 cwt., with the above result.

(Signed)

"THOMAS CONNELL."

## ECONOMY IN FUEL.

# FLEMING'S NON-CONDUCTING COMPOSITION,

For COVERING STEAM BOILERS, PIPES,  
CYLINDERS, HEATERS, &c.

*This Cement has stood the test for several years, and is now generally adopted by every class of Steam Users in Scotland, and is pronounced the most efficacious thing of the kind for these days of High-Pressure Steam and Economy in Fuel.*

From Messrs. The Port-Dundas Sugar Refining Co., Glasgow.

"We have examined and tested the Six Steam Boilers covered with the different makes of Composition, and we are so satisfied with the economy produced by your Non-Conducting Composition Cement that we give you the order to cover the whole of our other Boilers, Steam Pipes, and Liquor Cisterns."

*(This Contract measured 15,000 square feet)*

From Messrs. J. & J. White, Shawfield Chemical Works, Glasgow.

"MR. ANDREW FLEMING,

*Shawfield Works, 11th July, 1873.*

"Dear Sir,—We have employed your Non-Conducting Composition for covering Steam Boilers for upwards of two years, and have every reason to be satisfied with it. From beginning with one as a trial, we have now got upwards of a dozen of our Steam Boilers covered with it. It saves fuel very materially by preventing radiation of heat, and the Composition put on two years ago is to all appearance as good and serviceable as ever. We can highly recommend it as a covering for Steam Boilers, Steam Pipes, and other similar purposes, where it is desired to prevent loss of heat by radiation. We are, Dear Sirs, Yours truly,

(Signed) JOHN & JAMES WHITE.

*In order to test the value of your Composition, we, about two years ago, made the following experiment:—*

"Two double-flued Steam Boilers, each 22 feet by  $7\frac{1}{2}$  feet, were working together. One of these we covered, leaving the other bare. Steam in both being at 40 lbs., the fires were drawn and the steam stop valves shut simultaneously. By the time that pressure in the uncovered Boiler had fallen to nil, that in the other, covered with your Composition, still stood at 23 lbs.

*"J. & J. W."*

From Messrs. Zech, Heys & Sons, Calico Printers and Bleachers, near Glasgow.

"MR. ANDREW FLEMING,

*South Arthurlie, Barrhead, 6th August, 1873.*

"Dear Sir,—We have much pleasure in bearing testimony to the merits of your Non-Conducting Composition, for covering Steam Boilers and Pipes, which we have now used for THREE YEARS. We have tried other Compositions also—one made by ourselves,—and we have no hesitation in saying that yours is the BEST AND CHEAPEST in the end. The contract which you have just finished gives us every satisfaction both as to material and workmanship.—We are, yours respectfully,

(Signed) "Z. HEYS & SONS."

From the "Evening Citizen."

MR. J. WALLACE, Surgeon-Dentist, 22 Dundas Street, Glasgow, has recently introduced the use of Nitrous Oxide. Yesterday, per invitation, we were present when Mr. Wallace extracted two teeth from a lady patient. The process, from beginning to inhale the gas till the teeth were out, occupied only 1 minute 45 seconds. The lady recovered immediate consciousness, and on asking if only one tooth had been drawn, she was agreeably surprised when told that both of her cutting ivories were gone. She described her sensation during the operation as a pleasing confused dream."—*Evening Citizen.*

## FIRE.

Insurances are effected at home and abroad at rates of premium as advantageous to the interests of the insured as those offered by any other office.

## LIFE.

The Tables are framed upon as moderate rates as are consistent with perfect security. By the combination of Fire and Life business under one management, the Life Policy holders have the advantage of a diminished ratio of expenses, as well as the security afforded by the ample capital of the Company, while the Life Funds are secured to them exclusively by Act of Parliament.

## NON-FORFEITURE LIFE ASSURANCES.

Attention is specially directed to a New Scheme, which provides that Payment of the Premiums may be discontinued at any time after a Policy has been three years in force, without the benefit of the Assurance being Forfeited. The Assured has the option of taking a Paid-up Policy for such Amount as the Premiums paid will provide, or of taking the cash value of the Assurance on a fixed scale, of which particulars may be obtained at the Office.

The following Table exhibits the Progress of the Company:—

Year.	Fire Revenue.	Life Revenue.	Paid-up Capital and Funds.
1866	£11,110	£4,684	£27,753
1869	33,451	12,608	44,761
1872	75,871	15,411	78,318
1873	33,470	13,433	95,732

Vice-President—SIR GRAHAM GRAHAM MONTGOMERY, of Stanhope, Bart., M.P.

THE SCOTTISH EQUITABLE is one of the oldest Mutual Life Assurance Institutions in Britain; and the UNDOUBTED SECURITY it affords for the fulfilment of its obligations, as well as the LIBERAL CONDITIONS of its Policies, have secured for it a large share of public support.

AT 1ST MARCH 1873,

The Existing Assurances amounted to	£7,277,232
The Annual Revenue,	265,628
The Accumulated Fund,	2,033,721

The Society has no Agents beyond the United Kingdom, and it has never been amalgamated with any other Office.

### BONUSES.

Upwards of Two Million Pounds have from time to time been added to the Society's Policies, the result being that a Policy of £1000 effected in the first year of the Society is now increased to £1932 18s. 8d., and Policies of after years proportionately.

The Profits are ascertained every Five Year's; and the Directors' Report on the Investigation in 1873, which is eminently satisfactory, may be obtained on application at any of the Offices or Agencies of the Society. *The Bonus then declared varied from £1. 16s. 10d. to £1 per cent. per annum on each original £100 assured, according to the age of the Policy.*

# THE STANDARD LIFE ASSURANCE COMPANY.

ESTABLISHED 1825.

**T**HIS COMPANY was established in Edinburgh in 1825. NO other Scotch Office can show equal results, and in fact, the sum assured by the STANDARD exceeds by about One Million sterling the result shown by the most successful Office, within the same period.

### *LIBERAL CONDITIONS AFFECTING ASSURANCES BY THIS COMPANY.*

**Free Assurance.** Persons not less than 25 years of age, who, when proposing for Assurance, satisfy the Directors that they have no intention or prospect of proceeding abroad, from their occupation and other circumstances, are charged the ordinary Home Premium, and may afterwards proceed to and reside in any part of the world without extra premium.

**Policies of Five Years' Duration,** effected for the whole term of Life at a uniform rate of premium, may, with certain exceptions, be renewed within thirteen months of date of lapsing, on payment of a fine; and in the event of death, the claims will be paid subject to deduction of Premiums unpaid and Fines.

**Policies of less than Five Years' Duration** may be renewed within thirteen months, on very favourable terms.

**Policies are Unchallengeable after Five Years' Duration,** on any ground connected with the original documents, if age has been proved.

**Surrender Values** of guaranteed amount after payment of ONE ANNUAL PREMIUM on "With Profit" Policies, or THREE ANNUAL PREMIUMS on those "Without Profits."

**Paid-up or Non-forfeitable Policies** of not less than £50 granted in exchange for the Surrender Value, whether the Policy has been effected by payments for life or by a limited number of payments.

and all who Assure during the Present Year will secure Two Years' Additions to their Policies on that occasion, and will also have an increasing claim at every future division in the case of Tontine Policies.

At the last Division of Profits in 1870, the large sum of £331,591 was distributed amongst the Policyholders.
